

Clamp Hosetails and Adapters

A comprehensive range of Clamp hosetails and adapters is offered, allowing for quick and easy attachment to soft rubber and PVC tube.

This useful range of connections is ideal for taking quick samples on low pressure applications and for temporary connections.

We also offer higher pressure options in nominal bore sizes for swaged hoses.

Many Clamp to BSP options in Male and Female threads are held in stock.

NPT and UNC adapters can also be made to order.

Low sulphur specials have also been manufactured for stringent applications

Clamp Hosetails:

- 316L stainless steel material
- Range of sizes and options available
- 4mm to 2" sizes held in stock
- Fabrication service available for specials
- 0.5 μm Ra internal surface finish offered as standard
- Many reducing and compensatory sizes are also available
- Electro polishing available for high surface finish
- Exotic materials available such as titanium, Hastelloy®, Monel®, Nylon and ABS
- Material certification to EN 10204 3.1.B

Options:

- Heavy section hosetails with Clamp connections
- Specials with UNC, NPT, URT, SAE and JIC hydraulic connections

Clamp Adapters:

- 316L stainless steel material
- Range of sizes and options available from 1/8" BSP
- Many BSP Male and Female sizes held in stock
- Reducing options also available such as 1" to 3/4" BSP
- Specials available to order including Clamp to NPT, NPS, RJT

Dimensions are provided in good faith but may be subject to change; if dimensions are critical please call the office to confirm all sizes before placing an order.
